# Iconography Guide

## Our products stand for something

When you purchase from IBVI, you're getting quality that stands for something: Many of the products we make, assemble, source and secure are all made right here—in the USA. These products not only support our U.S. Military, they also support national emergency and response recovery, disaster relief and more.

At IBVI, we're proud to support our country. And everything we do reflects that.

### Made in the USA

When it's made in the USA, it means something. We're proud to show it with this icon on every USA-made product we offer.

### Response and Recovery Products

When our country is in need, we provide products and tool kits that can help. From crisis response to national emergencies and relief, you can find each of our Response and Recovery products marked with this icon.

The AbilityOne® Program was started in 1938 to provide jobs for the blind and visually impaired. Through a congressional partnership, AbilityOne harnesses the purchasing power of the U.S. government and is the largest employer of blind and visually impaired people in the country.

# We Provide Services and Supplies. Our Customers Provide Opportunities.

Every new customer, every order, provides us with opportunities to employ more blind and visually impaired people, including veterans who have sustained eye injuries while fighting in Iraq or Afghanistan. For us, it's more than just simply creating jobs. It's giving someone the chance to gain independence and change their life.
